

TICKTON AND ROUTH PARISH COUNCIL

RISK ASSESSMENTS - Reviewed May 2019

The Health and Safety at Work Regulations places a responsibility on owners and managers of premises to undertake a risk assessment of the facilities. The purpose of risk assessment is to undertake a systematic review of the potential for harm and evaluate the likelihood of harm occurring. Once this has been done it is necessary to decide whether the existing control measures are adequate or whether more needs to be done.

The new audit regulations also require the Parish Clerk being the Responsible Financial Officer to undertake risk assessments in respect of their financial accounting.

Risk Identified	Likelihood of Occurrence	Severity of Risk to the Council	Existing Controls of Hazard	Additional Measures	Further actioned required Yes/No	Review
-----------------	--------------------------	---------------------------------	-----------------------------	---------------------	----------------------------------	--------
